

ANDROID
ONLY!

The ultimate conference
for Android developers.

29-30 september
Stockholm

Meet the brightest minds in the industry

[Book your ticket now. Only €280!](#)

These are the droids you're looking for!

The Android platform is growing at a furious pace. Google's free device platform is being chosen and used for far more than just mobile phones.

We have talks on how to leverage the locational and social features of Android, on how to develop stunning mobile games, how to integrate several Android form factors into your design process and, of course, some truly hard-core programming Jutsu for all dedicated Droidokas.
